Procedures And Remarks:	CTAF 127.3. Brisbane Centre 129.0 (in the circuit). HF 3452/6610/8831. Kilcoy (027°/9 NM) CTAF 126.7. Watts Bridge Memorial Airfield is an ALA Airpark with small supporting community area. Runway 12L, 12R and 21 have displaced thresholds. Right circuits runway 12R and 30R, contra circuits are flown when runway 12 or 30 is in use. Caution: the undershoot area of runway 12R has been reclaimed and may appear serviceable from the air. A fenced public road runs between the runway and the undershoot area. Beware drainage ditches flanking each runway. Taxi on the mown surface only and exit via marked access points only. Beware ultralights, gyrocopters, gliders, models. Please avoid low flying over the farm houses. Caution: intensive parachuting operations over Toogoolawah, 5 nm to the west. Website http://www.wattsbridge.com.au has instructions regarding contra circuits and flying neighbourly. Prior permission is required for all commercial operations, including flight training. Cross check details with ERSAs.
